Press Release

Milliman strengthens hedging and overlay solutions with MatchingLink software

AMSTERDAM – OCTOBER 14, 2020 – Milliman, Inc., a premier global consulting and actuarial firm, is pleased to announce that Milliman has chosen MatchingLink software to enhance its hedging and overlay solutions. With technology playing an increasingly critical role in every part of the investment cycle, Milliman recognizes the need to accelerate the development of digital solutions to ensure competitive hedging solutions offerings to its clients.

The Milliman-MatchingLink collaboration brings together deep skills in both business and technology to support Milliman’s clients and create more value. “With MatchingLink’s next-gen tech solutions we can add significant value to our hedging and overlay solutions and drive better results for our (pension fund) clients,” says Rajish Sagoenie, Principal & Managing Director for Milliman in the Netherlands.

The seamless integration of MatchingLink software within the Milliman MG-hedge platform, combined with a robust and flexible system architecture, has convinced us that by using MatchingLink we can optimally serve our customers in the Netherlands and Europe. “The Milliman-MatchingLink collaboration offers our (pension fund) clients state-of-the-art solutions to manage financial risks now and in the future,” says Marcel Kruse, Director Pension & Investment Risk for Milliman in the Netherlands.

MatchingLink’s technology platform operates as a flexible layer, communicating with existing systems. The platform combines a unique data gathering solution with a calculation engine, analysis and reporting, a flexible workflow solution and artificial intelligence. The platform is both compliant and auditable by design. “With our software Milliman can unlock the full potential of the most advanced technology and increase the quality of their business on a daily basis,” says Eric Pieper, MatchingLink’s CEO.
